

## 2 x 4,8 MW MWM Deutz HFO Gen-sets,

Type BV 12 M 640 (2 units a 4,8 MW), 50 Hz, for sale

Technical Details:

Manufacturer: MWM - Deutz

Type: BV 12 M 640

Year of manufacturer: 1996

Power: 4,8 MW/each

Fuel: HFO

Frequency: 50 Hz

Running Hours: 34.000-35.000,last maintenance 08/2011

Generator:

Type: AVK

Power: 5.698 kVa

Voltage: 6600 V

Scope of Supply

Alternators +engines

- 2 heat recovery steam generator, feeder booster unit, filter unit,  
- viscosity control unit.

- HFO system: separation system, feeder booster unit, filter unit,  
viscosity control unit.

- Lube oil system

- Daily tanks

- Unit of starting air compressor (1 per gen-set)

- HT water preheating unit

- Water treatment. Softener with silica filter

- Control panel and synchronizer

- Batteries and charger

- MCC

- Gen-set platforms

- Main control cables

- Engine complete cooling system (2 radiators for HAT circuits)

- Auxiliaries transformer

- Pumps, pipes and exhaust ducts

- Spare parts available at site

- Documentation and drawings

Location: Europe

Sale of one unit not possible.
