

3 x Wartsila 12V25 (3 x 2.03MW = 6.1MW) Complete COGEN Power Plant

system, control panels, synchronizer panel, batteries and battery charger, MCC, fuel pumps, refrigeration circuit, start system, air compressors (2 units, 1 spare), plate heat exchangers, Radiators for HT and LT engine's cooling circuits.

Standby Rating: 2.063

Total MW: 6.19

Voltage: 6kv

Frequency: 50

Fuel: Gas

Running Hours: 42000

YOM: 1995

Location: Europe

Price: On Request

1 x 4 MW Wartsila 12V34 Complete Power Plant

Wartsila 12V34

Transformer, lube oil system, control panels and synchronizer panel, batteries and battery charger, MCC, start system, air compressors

Standby Rating:4.000

Total MW: 4.0

Voltage: 6kv

Frequency: 50

Fuel: Gas

Running Hours: 23411

YOM: 2003

Location: Europe

Price: On Request

1 x 6 MW Wartsila 18V34 Complete Power Plant

Wartsila 18V34

Transformer, lube oil system, control panels and synchronizer panel, batteries and battery charger, MCC, start system, air compressors

Standby Rating:6000

Total MW: 6.0

Voltage: 6kv

Frequency: 50

Fuel: Gas

Running Hours: 26448

YOM: 2003

Location: Europe

Price:On Request
